"Head Start" Off to Very Good Beginning

The Head Start program is in its third week at the Grayling Elementary School under the direction of Mrs. Carl Minor and Mrs. Edson. Mrs. Donald Sorenson and Mrs. Leo Hawkins are the teacher aids.

THE PARENTS of the twenty-two children attending the six-week program have participated enthusiastically. They have come to an evening meeting where the goals and methods of the program were outlined. Coffee and cookies were served.

On July 8th, a family picnic was held at Hartwick Pines with fifty-five parents, children and teachers attending.

During the first week of summer school the children visited the dentist, making the trip by bus. They got to ride in the dentist's chair while he checked their teeth.

This week the children visited Bear Archery and saw the trophy and shipping rooms. They also visited the American Legion Bowling Alley where they had the opportunity to lift and roll the heavy balls down the lane and to see how the pins are set.

The teachers and aids are thrilled with the way the children have responded to the program. They will be well-adjusted to kindergarten in the fall, with this head start.

Gen. McDonald Takes New Job

Major General Ronald D. McDonald, Michigan's dismissed Adjutant General announced last Friday that he had accepted a civilian position. After eight months of no pay, he took his first civilian job since 1947.

He accepted his new job after Romney informed his attorney, George E. Bushnell Jr. of Detroit, that no objection would be raised as to his availability to be adjutant general.

In the military, McDonald has been transferred to the Army reserve as a major general on the standby unassigned officers list.

He said one factor delaying appeal action is typing of a transcript of the governor's hearing. He said he now has in hand 694 pages of the estimated 2,800, at \$1 a page.

McDONALD, 54, said Friday he joined the staff of Lansing Lithographers, Inc., this week and will work as an assistant to the president of the company, Thomas Young, a long-time friend.

The general previously had declined to accept other employment fearing if he did so it could be construed as an admission he was not available for full-time military duty.

LITTLE LEAGUERS TO WATCH TIGERS SAT.

Little League Players, coaches, umpires, managers and board members will leave for Detroit to be guests of the Tiger Baseball Club at the Tiger-Oriole game on Saturday, July 17. Departure time is 6 A. M. SHARP and the group will meet at the High School bus garage to start the trip. Each person is requested to bring \$50 to help defray transportation costs. It is recommended that each boy bring a sack lunch to eat before the game.

Major and Minor League team members approved by their managers will be making the trip.

MEN'S HANDICAP GOLF TOURNAMENT

Registrations are being accepted at the Grayling Country Clubhouse for the 1965 Men's Handicap Golf Tournament. The tournament is scheduled to start on Sunday, July 25th. Registrations will end on Friday, July 23rd at 8 p. m.

Golfers are urged to sign as soon as possible. It is planned to limit the number of participants to 25, which will make even brackets and make it possible to complete the tournament over a five-week period. A first-come policy will be followed.

The entry fee has been set at \$200. Free trophies will be awarded the Champion and Runner-Up.

SEARCH SUCCESSFUL

Lost Three and a Half Year Old Boy Found in Good Condition

A very happy conclusion to a 24 hour search came about last Monday morning when a lost 3 1/2 year old Farmington boy was found huddled under the M-72 bridge over the South Branch of the AuSable River.

ROBERT BURNS of Farmington was the object of a night and day rescue search through a heavily wooded area east and south of Grayling along the South Branch.

State Police said he was found by an unidentified area youngster, huddled under the M-72 bridge over the AuSable about one mile downstream from the camp site he wandered away from Sunday.

Police said he appeared to be unharmed and in good condition except for minor scratches, cuts, and bruises.

Some 150 National Guardsmen from Camp Grayling, law enforcement officers, civilians and conservation department men searched until darkness Sunday for the son of Mr. and Mrs. William A. Burns, Jr.

Four helicopters and three air planes were enlisted in the hunt.

Dear Mrs. Gould:

Thank you so much for your letter telling of the beautification program of your community. I cannot tell you how encouraging it is to learn of the dedication and skills that are already at work enhancing cities and countryside throughout America.

All of us must be concerned to see that as America grows, our cities and towns become more beautiful and the face of the land remains attractive and unscarred. The President's national program for beauty can only be realized if people like you dedicate their time and talent in their local communities. As I start to work on Washington's Committee for a More Beautiful Capital, it is helpful for me to know of the work you have done. I do appreciate your taking the time to tell me about it.

Sincerely,
Mrs. Lyndon B. Johnson

COLLEGE EDUCATION TAX RELIEF SOUGHT BY REP. CEDERBERG

Congressman Elford A. Cederberg of Michigan's 10th district, this week introduced in the U. S. House of Representatives legislation authorizing tax credits against Federal Income tax to cover such costs as university tuition, fees, books, and other equipment.

IN INTRODUCING his bill Congressman Cederberg said: "If the Federal Government can afford to give tax relief on such items as furs, pearls, diamonds, and sports cars then it can well afford to give tax relief on one of today's necessities — a higher education."

In explaining his proposal, Congressman Cederberg said: "My proposal would work like this — any individual who helps pay a youngster's way through college, can store up with the Federal Government a tax credit of as much as \$325 a year. This tax credit should not be confused with tax deduction. It is more than that. Tax credit means that each dollar of credit would reduce an individual's actual tax by one dollar."

ELABORATING further, Cederberg said: "For example, suppose a taxpayer in spite of all the various deductions from his earnings, still owed the Internal Revenue Service \$600 in income tax. Under this legislation he might be able to deduct as much as \$325 from this amount, provided he contributed that much to support a student in college, from the tax due, leaving a balance owed of only \$275."

The Congressman expressed his opinion that anyone who helps in the education of America's youth is playing a vital and responsible role in bettering this Nation; adding that in today's world higher education is not a luxury but a necessity.

Also of interest to the taxpayers of the school district was the board action cutting the 10 mills levied for the bonded indebtedness on the elementary school to 4 mills for the 1965 tax year.

For the first time since World War II, and the reorganization of the 46th Infantry Division, Michigan Army National Guard, the annual Governor's Day Division Review will be staged on a Sunday rather than Saturday as it has been over the past 18 years.

THIS YEAR'S review, which will be combined with the traditional Memorial Services for Michigan's war dead, will be staged on the review field at Camp Grayling, Michigan, beginning at 10 a. m. Sunday, July 18. Governor George Romney, Commander in Chief of the Michigan National Guard, is scheduled to address the state's citizen-soldiers, guests and other visitors at the famed northern Michigan military reservation.

The change in the scheduling of this year's annual Division Review was necessitated because certain units of the "Iron Fist" Division will be training during the period July 17-31, thereby expanding the annual field training period for Michigan Guardsmen over a three-week period. The main body of the 46th Infantry Division will, however, train during the period July 10-24.

BECAUSE the units which will be training during the second two-week period will be in transit to Camp Grayling on Saturday, July 17, the day the Division Review

Maj. Gen. Cecil L. Simmons, Commander of the 46th Infantry Division now in summer training at Camp Grayling, announced today that attendance at the Annual Governor's Ball to be held on Saturday evening, July 17 will be restricted to adults only. Persons under the age of 21 will not be admitted.

Because of the limited facilities at the Camp Grayling Officers' Club and the large number of military personnel expected to attend, the total attendance will have to be curtailed said General Simmons.

Young people are particularly welcome at the division review to be held at 10:00 a. m. on Sunday, July 18 the General pointed out.

would normally be held, the event was postponed one day so that all units of the Michigan Army National Guard can participate.

Nearly 11,000 Michigan Guardsmen are expected to undergo a rigid 15-day training period which will find a variety of new training techniques employed including combined Infantry-Armor, Infantry-Artillery tactics as well as an exercise utilizing close air support furnished by the pilots and planes from Grosse Ile Naval Air Base.

Art Bloomer Moves To New Lansing Post

The new position became effective July 2nd.

MR. BLOOMER moved to the Grayling area in June of 1962. His work here consisted of nursery inspection, plant regulatory and quarantines, and he was in charge of the field operations for white pine blister rust control on state and private lands, in eight counties in northern Michigan.

The Bloomers and three daughters, Ruthann, Judy and Diane, have moved to Lansing to make their home. They formerly occupied the Norval Stephan property on the North Down River Road.

A report was given by the committee on the party held Monday, July 5th. Tentative plans were made for a day of golfing out of town on Monday, July 26th. Mary Pettengill and Corinne Smith were to make final plans and present them to the Auxiliary this week on Wednesday.

Always humming, the Longdyke Hideout was a veritable beehive of activity over the grand and glorious Fourth. To begin with, Joanne and Harold Cox were on hand to greet Ma and Pa Longdyke and their guests Mr. and Mrs. Guy Watts of Royal Oak, with a big pot of Joanne's gourmet goulash. Doreen accompanied her parents, can't leave her out—she's the mascot. A grand time was had by all doing what comes naturally and as the spirit moved the Hideout occupants. The pitch of excitement was when Mrs. L. in the dead of the early morning set off a slew of fireworks.

Toward A Free Society?

In recent months, a good deal has been heard of Soviet intentions to take leaves from the capitalist book. For instance, such inducements as the profit motive are being tried in an effort to stimulate competition and to improve the quality and quantity of various kinds of goods.

Now, reports Stuart H. Loory of the Herald Tribune News Service in a dispatch from Moscow, another long step is being taken. He writes: "The commissars have decided it pays to advertise. It brings, they say, 'higher turnover, faster selling and other economic benefits.' Writers and artists of high talent are being mustered to produce layouts that, it is hoped, will lead eager consumers to part with their rubles."

About all one can say is, "What will they do next?" Maybe, on some distant day, the commissars will move toward a truly free society — the kind of society which the capitalist economic systems maintain.

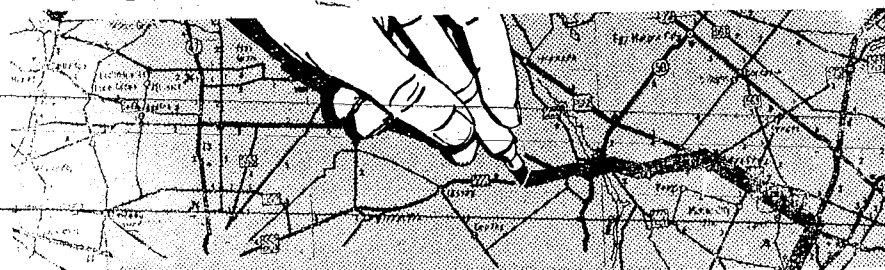

Nuclear Power Is Safe . . .

The San Francisco Examiner recalls that "In 1886 George Westinghouse was maligned as a potential mass murderer when he proposed alternating electric current in offices and homes as the way to keep New York City from strangling in low voltage direct current lines. So-called experts asserted that alternating current could not possibly be controlled through transformers and insulation; they claimed it would burn New York to the ground."

Nowadays, of course, alternating current is universally used. Without it, the miracles that electricity has brought to the home, the farm, and to industry could never have been realized. Those so-called experts were exactly 100 per cent wrong.

The Examiner draws a parallel between this and the fear of some people that nuclear electric plants are a menace to the areas in which they are located. Such a fear may be understandable—we all know the unbelievable destruction that nuclear weapons can cause. But the difference between these weapons and nuclear reactors for peace purposes is that of night and day. As the Examiner puts it, "A nuclear power plant is as safe and as ordinary as the alternating current it provides to serve man's needs."

It is important that this fact be universally understood. As time goes on, more and more of our power will come from nuclear sources. It will be economical, dependable—and safe.

According to newspaper reports appearing in many state newspapers, under a Fort Custer dateline, Grayling is soon to find a whole army division in training at Camp Grayling. The 9th Infantry division, to be activated early in September, will use Camp Grayling, the former Michigan National Guard camp on the Hanson Military reservation, Brig. Gen. Harry J. Malony commanding officer, announced Saturday. Selectees from four army corps areas will be assigned to the new division and Gen. Malony will assume active command of the unit August 3. Gen. Malony explained that it is planned to use air corps units in conjunction with the ground troops as a part of the division's training. The primary purpose of activation of the division will be to prepare men for combat duty in the shortest possible time with the likelihood that the unit will be ready for war duty within one year.

A project of the Grayling airport is almost completed. Grayling may well boast of the location of one of the country's most excellent airports so near the city. The landing field consists of two large, well constructed runways. One is 4,500 feet long, the other 4,000 feet in length; both are 150 feet wide. Concrete turnarounds are established at the ends of the runways. The prime coat of surface topping has been applied; two coats of limestone chips and two more coats of asphalt are yet to be added. This should be finished by the first of August. Work on the grounds on the south side of the field is finished. Leveling the surface and seeding of grass bordering the north side is the remaining work to be done. The project should be completed by the first of September.

Workmen were busy patching some places between the curb and pavement in front of the Dr. Stealy office when the hot tar caught fire. Efforts to smother it with sand were futile. Finally the mass became so hot that it exploded and flames many yards in length lashed the air with a terrific fury. Henry M. Beckman Dies in South Boardman

Henry (Hank) Beckman, 68, of Troy, summer resident of South Boardman, and formerly of Grayling, died Wed. eve June 30, 1965, at Munson Hospital, Traverse City, shortly after a heart attack. He was born Jan. 19, 1897 at Wheaton, Minn. He lived in Troy 30 years, a retired Chrysler employee. He was a veteran of World War I, belonged to the American Legion and Vets of Foreign Wars. Surviving are his widow Ruby (Jennings), to whom he was married Mar. 20, 1920 in Detroit, a son John of Pontiac, 2 daughters, Mrs. Betty Brunning of Troy, and Mrs. Pat Pitzerberger of Pontiac, 3 grandchildren, 2 brothers and 5 sisters. His brother Al who has a cabin on Stephan Bridge Road, has been in the Veterans Hospital of Dearborn lately.

The funeral was at the Schwartz Funeral Home in Kalkaska on July 3, with burial in South Boardman township cemetery. Seventy-some persons attended the dinner held afterwards at the Legion Hall in South Boardman.

The Beckmans had picked a few huckleberries when he backed the car upon a stump and in trying to get loose he became ill about 4 P. M. At 8 p. m. he decided Ruby should go for help. She walked about 4 miles in the woods until she met a car, the occupants of which took him to the hospital, and stayed there with them until she was told to leave, then they took her back to her cabin in South Boardman.

Others present were Supt. Stripe and trustees, E. Millikin, Thompson, Snook, Bishop, Henig and Strong.

The minutes of the May regular and special meetings were read, corrected and approved.

Mahlon Riker, Jack Rasmussen, Claude Golinick and Mrs. Pauline Bradley of North Park Subdivision were present to request more school bus stops in their area. A study of the request was to be made and a report given in July or August.

Larry McNamara, Don Smock and Derek McEvers were present to request a baseball (hardball) program be instituted in the high school. A committee was formed with McNamara chairman and Smock, Thompson and Henig to study the feasibility of such a program. Supt. Stripe was to furnish schedules of other school teams in the area and the coaches, uniform cost information.

Lacey Stephan, president, and Mrs. Jack Pettyjohn, secretary of the Feldhauser School Board, were present and turned over the necessary books and records of the district to the Grayling Board, there having been a favorable vote that the Feldhauser (Grayling No. 3) school district annex with Grayling School District No. One at their special election held June 7, 1965. There was a balance in the Feldhauser general fund of \$4,754.58. It was requested that some of this money be used to buy library books for the elementary school and books at the Feldhauser school not wanted by the Grayling district be given to residents of the Feldhauser district.

A resolution passed unanimously on motion by Joseph supported by Bishop that the Grayling Board express appreciation for what the Feldhauser board members and others had done and commend them for the splendid way in which they had operated the district and school. Joseph on behalf of the board expressed the wish that those in the Feldhauser district would continue to take an active interest in the children of the district and welcomed them to board meetings.

The agenda showed a true balance of \$26,767.42 in the general fund as of May 31, 1965; \$52,512.52 in the debt retirement fund; \$618.27 in the building and site fund on June 1, 1965; and a deficit of \$344.42 in the hot lunch fund on May 31, 1965, this due to delinquent funds owing the lunch program.

Bid for paving at elementary school discussed. A motion by Thompson supported by Henig accepting the bid of the Central Paving Co. of West Branch in the amount of \$8,675.92 passed unanimously. Central Paving to be asked costs on a magic square and parking lot combination when they arrive to do the paving.

Retirement at age 65 for non-teaching staff members was discussed. The consensus was such a policy was unnecessary, this staff not being on tenure. Vacation for non-teaching staff was set at two weeks for 1 to 10 years' employment and three weeks after 10 years on motion of Henig supported by Millikin. Motion carried. Beginning salary of janitors was set at \$1.75 per hour on motion by Millikin, supported by Smock. Motion carried. Present salaries for janitors was raised according to years of employment, on motion of Strong supported by Thompson. Motion carried. The salary of the superintendent was raised in proportion to the teaching staff salary on motion by Thompson supported by Smock. All Ayes.

A motion by Joseph supported by Thompson authorizing the Supt. to advertise for bids for sale of the Beaver Creek No. 1 school passed unanimously.

A motion by Thompson supported by Smock authorizing the Supt. to proceed with enlarging the high school office space to include room 23, tile the floor and install necessary counter and partition was approved unanimously.

The board approved the appointment of Michael Weiland, head football coach, as ski coach, and

adjusting the salary of Mrs. Mary Wakeley to conform to the salary schedule of the combined districts.

A letter from Mary Jane Knibbs concerning the hot lunch program was tabled.

A motion by Henig supported by Thompson granting Betty Millikin three weeks sick leave passed unanimously.

The Supt. announced that Mrs. Earl Wood had received an injury at the commencement exercises; the Crawford County Tax Allocation Board had allocated six mills to the Grayling School District and Kalkaska County had allocated 5.25, the latter millage to be adjusted according to law; the law firm of Cramer, Beattie and Baird had been engaged to do the school audit; a new lawn mower had been purchased; the State School Board convention is to be held in Detroit September 15 and 16.

The City of Grayling asked for a deposit on land to be acquired by the school.

Joseph and Strong attended the annual meeting of the County School Board held June 7th, minutes attached.

Henig announced a Pollenex air purifier could be purchased for the locker room for about \$22.00. The secretary presented a trustee attendance report, there having been 12 regular and 5 special meetings.

Other matters were discussed. The board expressed regrets at the loss of President Joseph as a member. He had served 13 years, 8 years as secretary and 1 as president.

Meeting adjourned at 11:25 p.m.

Letters To The Editor

R. W. Strong
Grayling, Michigan
We spent a very enjoyable week end in Grayling over the 4th of July and we wish to congratulate Frank May, all the Firemen and all the groups involved for their part in the handling of the festivities.

Many people that we talked to unanimously agreed that the program was exceptional and the food and prices at the park were outstandingly good.

Keeping this celebration on a basis of old-fashioned, friendly hospitality has done a lot to attract many out-of-towners and will certainly bring them back.

It makes us rather proud of Grayling, which as you know, has been like a second home to us for almost 30 years.

Sincerely
Chuck and Clara David
Flint, Michigan

Congratulations, Grayling!

Our daughter and family, the Dewain Halls of Maple St., invited us to your fair town for the July 4th celebration.

We want to tell you that never in our lives have we had a more enjoyable time.

The parade, though small, was just wonderful. The band uniforms are lovely. Such a striking color. The water battle, the first we ever seen, was real exciting. The fire works was just out of this world.

In fact, everything went so smooth, it could have been rehearsed.

Again, Congratulations Grayling! The different organizations, the Firemen, etc. You all deserve a lot of credit and a million thanks.

BITS O' TALK

A cablegram received by Charles Kroll at the Bear Archery Company informed the force that Fred Bear had shot a 450-pound lion. He is hunting in Portuguese East Africa.

Sister Mary Pancretia spent a few days in Grayling last week visiting friends at Mercy Hospital. Sister is spending the summer in Grand Rapids after completing 3 years of teaching in Lansing. She is scheduled to teach at St. Anthony's in Temperance come the fall semester. We learned from her that her sister, Mrs. Roy Trudgeon, is residing at the Greenview Nursing Home, 1708 Leonard St. N. E., Grand Rapids, 49505 in case friends wish to write or visit her.

Holiday guests at the Dale Hatt home were her sister, Mrs. Emola Guyor and Mrs. Guyor's daughter and family, Mr. and Mrs. Glen Wilkins and three children all of Monroe, Mr. and Mrs. Lee Duty of Jackson and their daughter and family Mr. and Mrs. Doyle Miller and four children of Ferndale, Mr. Hatt's sister, Mr. and Mrs. Earl Cagle of Comstock Park. For ten days previously the Hatts entertained her brother the Rev. and Mrs. Jacob Duty and son Phil of Montoursville, Pa., and Lois Davis had as her guests Mr. and Mrs. Stanley Klampf and five daughters from Minnesota for a week until July 5th.

Mr. and Mrs. Otis Hunter have been vacationing at their cottage on Lake Huron at Carsonville, returning home on the weekend.

Word has been received at the Avalanche belatedly that Carl Lauri, former Grayling resident, passed away very suddenly in Jessup, Georgia, and was laid to rest in that city on Memorial Day. Mr. Lauri will be remembered as a very fine carpenter. Mrs. Lauri and the sympathy of her many friends here.

Bill Gannon of Marquette arrived Friday and spent the weekend with the Richard Lovelays. Mrs. Gannon and the children returned home with him on Sunday after a two week visit with her parents. Mr. and Mrs. Vernon Reed of Grand Blanc visited the Lovelays and Jean and children Tuesday of last week.

Mr. and Mrs. Russell Ballinger and friends Mr. and Mrs. Milton Jordan of Wayne spent the July 4th weekend on Mackinac Island. They stopped and had dinner with Mrs. Ballinger's parents, Mr. and Mrs. Matt Bidvia, and also picked up Laurie and Bobby Ballinger who had spent two weeks with their grandparents.

The odds are 95 out of 100 that a simple unit like this can change your present furnace to Gas.

It's a conversion unit. And in about 4 hours it can be installed in your furnace so that your present furnace heats with Gas. There are very few exceptions where a unit like this can't be installed. Act now! Make this winter the most comfortable one of your life. And save money while you're being comfortable. Gas cuts fuel bills up to one-third. Remember. It only takes about 4 hours to install a conversion unit. Don't delay. Do it now. Call your heating contractor or Michigan Consolidated at 348-6581 in Grayling.
